March 2010

President's Letter

Painters, or should I say, Pencil Artists?

I was impressed with your dragonflies as I walked around the room. The Kelly Hoernig piece is so great when it is done. Maybe I'll finish mine.....Thank you, Pat, for a nice job of teaching. Welcome to Flo's two guests and Pam Easley, a former member, and what brave souls to jump in and take this particular class with us.

The Prescott Library has samples of all of your work on display. The display was put in on March 1. Thank you, ladies, for helping.

March is our Memory Box paint in. We are probably ahead of last year's tally at this time. You all still blow me away with your enthusiasm and output for this project.

Get started on that egg for the Egg Exchange. More in the newsletter...

Sign ups for the Retreat will be at the March meeting. As always, pay Pat first and then sign up. Again, more inside.....

Our annual Dessert Box Auction will be in September. Be thinking of your donation and think about saving a little money here and there so you can bid on the box of your choice. Don't wait until the last minute. Varnish fumes with a dessert is a turn off. Haha!

Keep those brushes moving,
Liz

Library Display

Come one, come all. March 1, 2010 is our month to display our painting skills at the Prescott Library on Goodwin St. Please bring your pieces to the Library in the morning so they can be displayed in the showcase. The more items we have the bigger and better the display; so please, search your closets, walls, and drawers for items you can display. Big or small we can use it all. Start digging!

This is an actual extract from a sex education school textbook for girls, printed in the early 60's in the UK and explains why the world was much happier and peaceful then...!

"When retiring to the bedroom, prepare yourself for bed as promptly as possible. Whilst feminine hygiene is of the utmost importance, your tired husband does not want to queue for the bathroom, as he would have to do for his train. But remember to look your best when going to bed. Try to achieve a look that is welcoming without being obvious. If you need to apply face-cream or hair-rollers wait until he is asleep as this can be shocking to a man last thing at night. When it comes to the possibility of intimate relations with your husband it

is important to remember your marriage vows and in particular your commitment to obey him.

If he feels that he needs to sleep immediately then so be it. In all things be led by your husband's wishes; do not pressure him in any way to stimulate intimacy. Should your husband suggest congress then agree humbly all the while being mindful that a man's satisfaction is more important than a woman's. When he reaches his moment of fulfilment a small moan from yourself is encouraging to him and quite sufficient to indicate any enjoyment that you may have had.

Should your husband suggest any of the more unusual practices be obedient and uncomplaining but register any reluctance by remaining silent. It is likely that your husband will then fall promptly asleep so adjust your clothing, freshen up and apply your night-time face and hair care products.

My hubby sent me this and I just had to add it to the newsletter. Enjoy!

You may then set the alarm so that you can arise shortly before him in the morning. This will enable you to have his morning cup of tea ready when he awakes."
